GitHub: https://github.com/mehre-nigaar-shaik Mobile: +91-7075561605

SKILLS

Languages: C++ (DSA), Python, SQL, PowerShell
Tools/Platforms: Kali Linux, Ubuntu, Nmap, Metasploit, Wireshark, Tcpdump, Shodan, OSINT framework
Soft Skills: Critical Thinking, Teamwork, Prioritization, Adaptability, Collaboration, Persistence & Patience

INTERNSHIP

Redynox –The Red Users | Certificate Aug '25–Sep '25
Cyber security Intern

- Implemented comprehensive network security measures for small-scale networks using firewalls and packet inspection, while actively monitoring traffic through Wireshark to detect anomalies.
- Conducted web application vulnerability assessments using Kali Linux toolsets and implemented secure coding practices to mitigate risks.
- Performed reconnaissance and vulnerability scanning with Nmap, analyzed results, and hardened systems to enhance overall network resilience.

Tech used: Wireshark, Firewall, Nmap, Kali Linux

PROJECTS

AI-Integrated Keylogger | GitHub Jun '25–Jul '25

- Developed an AI-Integrated Keystroke Analysis Tool using Python and ML algorithms for authorized security testing and behavioral insight generation.
- Designed the system to produce anonymized metadata and timestamped analytics to assist in threat detection and security hardening.
- Ensured all research adhered to ethical and legal standards, focusing on defensive cybersecurity applications.

Tech *used*: Python, Keyboard Libraries, NLP, HTML, CSS, AI

AI Chatbot – A Ghost Story Folklore Analyzer | GitHub Mar '25–Apr '25

- Developed an AI-powered Chatbot for Ghost Story and Folklore Analysis using Python and Natural Language Processing (NLP) to interpret and analyze narratives.
- Designed and deployed an interactive web interface with HTML and CSS for seamless user interaction.
- Integrated backend logic with the frontend interface, enabling real-time text processing, response generation, and efficient system performance.

Tech *used*: Python, NLP, HTML, CSS

TRAINING

Cyber Security Essentials-Summer Training | LPU | Certificate Jun '25 – Jul '25

- Gained strong foundational knowledge in cybersecurity, covering network security, threat analysis, and secure system configuration principles.
- Performed hands-on practical labs in Linux environments, focusing on system security and command-line operations.
- Conducted packet analysis and vulnerability scanning to identify security weaknesses and understand real-world attack scenarios.

CERTIFICATES

- Cyber Job Simulation by forage | Deloitte| Certificate Aug '25
- Google Cyber Security Certificate | Coursera | Certificate Aug '25
- Privacy and Security in Online Social Media | NPTEL | Certificate Apr '25

ACHIEVEMENTS

Competitive Group Discussion Bootcamp | Certificate Feb '25
Achieved first rank among 20 participants in the Battle of Wits 3.0 group discussion competition.

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.49*** *Since Aug '23*

Sri Siddhartha Junior College Madanapalle, Andhra Pradesh
Intermediate; ***Percentage: 78%*** *Jul '21- Apr '23*

New Little Flower School Madanapalle, Andhra Pradesh
Matriculation; ***Percentage: 98%*** *Apr '21*
